SUMMARY

Results-driven Web Developer with 6 months of hands-on experience in designing and developing responsive websites and applications. Proficient in front-end and back-end development, leveraging HTML, CSS, JavaScript, and frameworks like React to deliver user-friendly solutions. Adept at collaborating with cross-functional teams to meet project deadlines and exceed client expectations. Eager to contribute technical skills to innovative projects and further enhance expertise in modern web technologies.

EXPERIENCE

Web Developer

Web Developer Employee

📅 01/2022 - 03/2024   📍 Surat, India

As a Web Developer at Quad Softech, I contributed to the successful launch of multiple dynamic and responsive websites, enhancing user engagement by optimizing site performance and implementing modern design practices. Leveraging expertise in JavaScript and ASP.NET, I developed scalable features that streamlined user interaction, boosting client satisfaction. My collaborative efforts with designers and developers led to the seamless integration of APIs, ensuring robust functionality and efficient workflows. Through proactive problem-solving, I resolved critical bugs and improved overall system stability, driving the success of key projects.

- Designed and developed responsive web applications using **ASP.NET**, ensuring seamless user experiences and optimal performance.
- Implemented and maintained robust back-end systems, utilizing **C#** and **SQL Server** for efficient data handling and functionality.
- Optimized system performance by implementing efficient algorithms and debugging critical issues, ensuring smooth functionality.
- Developed a dynamic **E-commerce Platform for Diamonds** using **ASP.NET**, enabling seamless browsing and purchasing experiences.
- Implemented secure payment gateways and user authentication systems, ensuring data protection and transaction reliability.
